

THE FUTURE OF MOLECULAR MR

A Cellular and Molecular Imaging Workshop

Pasadena, CA USA July 23-26, 2022

	SATURDAY July 23rd	SUNDAY July 24th	MONDAY July 25th	TUESDAY July 26th	
8:30 - 9:00		Session 1 Responsive Probes #1	Session 5 CEST	Session 9 Responsive Probes #2	
9:00 - 9:30					
9:30 - 10:00					
10:00 - 10:30		Coffee Break	Coffee Break	Coffee Break	
10:30 - 11:00		Session 2 Imaging Metabolism	Session 6 Nanomaterials #1	Session 10 Nanomaterials #2	
11:00 - 11:30					
11:30 - 12:00					
12:00 - 12:30		Lunch	Lunch	Lunch	
12:30 - 13:00					
13:00 - 13:30		Session 3 Hyperpolarized MRI #1	Session 7 Reporter Genes	Session 11 Responsive Probes #3	
13:30 - 14:00				Panel Discussion the future of Molecular MRI	
14:00 - 14:30		Session 4 Heteronuclear Reporters	Session 8 Hyperpolarized MRI #2		
14:30 - 15:00					
15:00 - 15:30					
15:30 - 16:00		Poster Session 1	Poster Session 2		
16:00 - 16:30	Registration				
16:30 - 17:00					
17:00 - 17:30	Keynote Lecture Heike Daldrup-Link	Discussion Panel #1	Discussion Panel #2		
17:30 - 18:00					
18:00 - 18:30	Welcome Reception				
18:30 - 19:00					
19:00 - 19:30			Social Event 6:45 PM The Huntington		
19:30 - 20:00					
20:00 - 20:30					
20:30 - 21:00
